

# ADITHYA G.A

## PROFILE

Seeking opportunities to leverage my passion for technology and commitment to continuous learning in order to become a valuable asset in the IT industry. Interested in full-stack development and web technologies, with a focus on gaining knowledge and managing projects effectively.

## WORK EXPERIENCE

### Projects:

#### Library Management System (Full Stack Development)

- Developed a RDBMS system using PHP, MySQL, XAMPP, HTML, and CSS.
- GIT.

#### Focus Flow (Java Springboot Project)

- Collaborated on a project to develop an application aimed at preventing distractions during study sessions on PCs.
- Technologies used: Java Springboot, MySQL, Client-Server Architecture.
- GIT.

#### Truth or Dare Game (Android Studios Project)

- Implemented a game application using Java on the Android platform.

### Internship Experience:

#### sincera Consulting India Private Limited

- Collaborated on a full-stack development project utilizing Java, Springboot, Thymeleaf, Hibernate, and Maven.
- Contributed to the development of a telecom inventory management system, including CRUD operations, CSV data presentation, authentication features, and user-friendly interface.
- GIT.
- Developed a separate application for duplicate data recognition using Python and Flask.
- GIT.
